Ten annual circulars (reports), bound in a single volume; half leather and plum cloth, lettered in gilt on the spine, with 'Vol. 2' indicating this may have been a copy bound for the Association. All edges sprinkled red, the top ones a little dusty. Patterned endpapers, with binder's label of Davies Bros (owners of The Mercury) on the rear paste-down. Each circular/report has a vignette title-page (bar 1881, the same illustration). The titles are in the form 'Southern Tasmanian Cricket Association. Season 1881-82, Fifteenth Annual Circular' up to 1887-88 when 'Report of the Season presented at Annual Meeting...' is added. Pagination (and publication dates as shown on title-page) are: 15th:1881–82 (1881), 72pp / 16th:1882–3 (1882), 68pp / 17th:1883–4 (1883), 76pp (last blank) / 18th:1884–5 (1884), 88pp / 19th:[1885–6]* (1885), 98pp (last blank) / 20th:[1886–7]* (1886), 70pp / 21st:1887–8 (1887), 56pp / 22nd:1887–8* (1888), 72pp / 23rd:1888–9 (1889), 86pp (last blank) / 24th:1889–90 (1890), 68pp. Note that there was some confusion as to the seasons as shown on the titles (and marked here with an asterisk). The 19th report reuses 1884–5 and the 20th is given as 1885–6; both of these have been corrected in pencil by an earlier owner, and the publication dates are as they should be. The 21st and 22nd seasons both use 1887–8, with the 22nd adding the dates of the annual meeting to the title. ****This volume bears the signature, twice, of C.J. Eady on the front endpapers. Hobart-born Charles John Eady (1870–1945) was the first Australian to make a century in each innings of a first class match - 116 and 112no for Tasmania against Victoria in 1895 - and he toured England with G.H.S. Trott's Australian team in 1896. Also a fine Australian Rules footballer, he was prominent in Tasmanian sporting circles as an all-round athlete and, later, administrator of several sports. The book has been neatly recased (as often, if not usually, required), retaining the original endpapers, with some evidence of the repair along each hinge. There is a slight damp stain at the lower fore-corners of the front endpapers and (reducing in impact) those of the four leaves which follow (blank, pictorial title, title and dedication), and the same at the rear of the book. A little pale foxing on early pages, otherwise clean. A good to very good copy of a scarce item. Inscription on the front endpaper: 'Louise Garrett from her Tasmanian cousins Dec. 31st 1878'. ****The story of a pet parakeet, written for the author's son Owen, and based on the finding of a wounded bird in the bush and its consequent life and death in the Meredith household. See Muir 4971-2, Morris Miller/Macartney, p334.* #5249 **\$1,650.00**

A good+ complete copy. ***First issued in 1916; probably the only previous issue, although copies with a later date overprinted on the title-page can be found. Brown cloth over bevelled boards, pictorial illustration laid onto the upper board. The rather friable cloth is chipped at the head and tail of spine, and a little along the edges of the boards; the cover image has surface rubbing that obscures the detail of the image (a bullock team towing logs in the forest). The map has a few clean tears closed neatly with archival tape. Light offsetting on the endpapers. A good+ clean copy of a scarce item. #35595 **\$225.00**

29. (Ross's) **Van Diemen's Land Annual and Hobart-Town Almanack for the year 1834**. James Ross: Hobart Town, 1834. Small 8vo. [xx] (Calendar), 134pp, vignette title. Later (but 19thC?) full tan leather, spine title label; new endpapers. The covers have a little spotting and are a trifle rubbed. The lower corners of the first two and final leaves have very slight loss, and there is a short clean break in the title-page just under the year in the title. The front endpapers have the bookplates of Karl von Stieglitz and Bernard Gore Brett; the rear endpapers have a hand-written (pencil, bar one line) index, of the sort we have seen in other books owned by KvS. The verso of the vignette frontis has one name in pencil (1855) and another in ink (1922). There are short pencilled lines in the margins of many pages, and some names underlined - again the work of KvS one assumes - and he has made extensive comments (again, in pencil) on the editor's Apology page. On the verso of that page is an albumen paper print of one of Bishop F.R. Nixon's 1858 images of a group of Tasmanian Aborigines, with three dogs, at Oyster Cove (although a pencilled note underneath says Flinders Island). ***Ferguson 1800. The vignette title-page, decorated with white cockatoos, bears the title 'The Hobart Town Almanack for the year MDCCCXXXIV'. This issue (the sixth of Ross's almanacs) did not appear until at least May of that year due to the publisher's 'indisposition'. It was much slimmer than its predecessors and has no illustrations other than the vignette title. Ross's 'Apology' for this circumstance, and for any consequent errors in the text, follows the second title; in this he also indicates there were it not for 'the desire so frequently expressed by his kind friends, the Public, for [its] appearance' he would probably not have gone ahead with its publication. There are three articles: 'Van Diemen's Land, as it is in 1834 including a retrospective of the progress of events in the Colony during the past years', by Dr Ross himself; Hobart Town solicitor Hugh Ross's 'Excursion to Circular Head' in April 1834; and James Backhouse's 'Some Remarks on the Roots and other Indigenous Esculents of Van Diemen's Land', which was the earliest scientific article published in the colony (a pencilled note says 'Ronald Gunn' but see Wilson, Collecting Old Tasmanian Books, p50). #35700 **\$1,100.00**
30. ROSS, James (ed). **The Van Diemen's Land Anniversary and Hobart-Town Almanack for the year 1831. With Embellishments**. James Ross: Hobart Town, [1831]. 24mo. xii, xxxii [Calendar], 296pp, 2 vignette titles, 4 maps/charts (one coloured, two folding); 2 signal plates (one coloured), 6 other plates (one folding); several small vignettes in text. Collates complete; the plates are: Chart of Sullivan's Cove (folding frontis); New Church and King's Male and Female Orphan Schools, Newtown (folding); vignette title; Calendar vignette title; Outline of the Settled Parts of Van Diemen's Land (coloured map); Outline of Streets of Hobart Town; Boa Vista; Telegraphic Signals at Mount Nelson; Signals made at Mulgrave Battery (coloured); VDL Co's Emu Bay establishment from N.; The Mewstone; Settlement of Macquarie Harbour; Map of Sarah Island (folding); The Gates, Macquarie Harbour. Full dark green morocco (not contemporary but late 19thC?), gilt rules, raised bands and gilt title on spine, the joints rubbed. The folding frontis map has been laid down on linen, at the time of rebinding probably; it has slight loss along the outer edge without any loss of detail and two contemporary marginal annotations (one in ink, one in pencil) to accompany an addition to the map (the entrance to the Barracks) and a line through a proposed but not constructed battery. There are a few contemporary pencilled marginal annotations to text pages. The page-edges are age-tanned, as is the final page, but apart from a few slight patches of foxing the text pages and plates clean. The title-page bears an inscription 'Mr Lewis Grant from his son Lewis 1831'. ***Ferguson 1492; not mentioning the coloured map of VDL and the plate 'Settlement of Macquarie Harbour', although these are noted in the Addenda volume. #35697 **\$1,875.00**

Baily, photographer: Hobart, 1880. *Carte-de-visite*, sepia-toned photograph, verso printed with the photographer's details and with the subject's name, dated 1880, in manuscript. In very good+ clean condition. ****Dora Forbes Sorell (nee Coverdale, 1839-1932) was born on at sea aboard the ship Catherine Forbes.
